GEO. W. SCHNABEL, begs leave to inform the public, that he continues to make up Cloth to order, as usual, at his Shop, on Water street, Constantine, where he will be happy to receive, and attend to all orders for work in his line of business.

Having made arrangements to receive the New-York and Paris FASHIONS, regularly, as soon as published, and from long experience in his business, he flatters himself that he will be able to give entire satisfication to those who may favor him with their work.

He intends building a shop soon, for the purpose of enlarging his business, and keeping on hand a general assorment of READY MADE CLOTHING. From the more than liberal patronage which he has heretofore received from the citizens of Constantine, and adjacent country, and the rapid growth of this village, he feels confident in the belief, that any additions which he may make to his business, will be amply rewarded by the approbation and encouragement of the public.

CUTTING will be done in the latest style nd warranted to fit, if properly made up.
In conclusion, he would be permitted to express his thanks for past favors, and solicit a continuane of public patronage. Constantine, June 29, 836.
